Gone Fishing

Author's Notes:
Hi *carrying Cliff/Kirk around* I made a short story. I posted this originally in AO3, also I posted the fanart too, so maybe you'll depict the story clearer. <3

"Do you think we'll catch something here?" Kirk asked.

"Don't worry, man! The other day I caught this big ass fish here, brought it home, and everybody got their own part!" Cliff chuckled, puffing joint from his mouth.

Kirk laughed as well. If Cliff said they'd catch something, then Kirk won't be worried. He trusted the older man.

Deep down, Kirk wanted to tell Cliff how much he loved spending times with him. Just the two of them. No one interrupted.
